Legislator or Aide: Hello, this is **Legislator, Staff**, speaking. How can I assist you?

You: Hello **Legislator/Aide's Name**, my name is **Name** from **Organization**, and I appreciate you taking the time to speak with me today. I'm calling to express my gratitude for the **Senate's/ Assembly's** budget bill, which reinstates \$18.3 million in funding for the Neighborhood Preservation Program (NPP) and includes the \$250,000 carve-out for the Coalition

Legislator or Aide: How can I help?

You: Your efforts has been instrumental in addressing the significant deficit proposed in the Governor's budget, which would have cut our funding by 30%. Additionally, you've also recognized the need to account for the program's 6% cost-of-expense increase.

Aide or Legislator: We understand . . .

You: **Senator/Assemblymember Name**, this critical funding is the lifeline that enables the Coalition to bolster our neighborhood preservation companies across the state, ensuring they continue to thrive and serve our communities. We urge you to stand firm in budget negotiations to ensure this funding remains intact, as it is vital to preserving neighborhoods across the state.

If Aide: Thank you for calling. We will share this with **Senator/Assemblymember's Name**.

If Legislator: **They will respond accordingly.**

You: We appreciate your leadership and continued support for the Neighborhood Preservation Program. Thank you for your time.

Aide: Thank you. Have a great day.

You: You too. Goodbye.
